YEARS EXPERIENCE —

## ABOUT THE COMPANY

DAR AlBenaar Engineering Solutions was established in November 2005 with the objective of delivering high-quality engineering and construction services across a wide range of sectors.

Since its establishment, the company has successfully executed numerous projects covering infrastructure works, civil construction, steel structures, mechanical and electrical installations, as well as complete building construction and finishing works.

Through its commitment to excellence, professionalism, and integrity, DAR Al Benaar Engineering Solutions has built a strong reputation as a reliable and trusted partner in the Egyptian construction market.

The company continuously strives to expand its operational and technical capabilities by adopting modern technologies, developing specialized engineering teams, and providing innovative construction solutions that meet the requirements of modern and large-scale projects.

DAR Al Benaar Engineering Solutions operates in accordance with internationally recognized quality standards and is ISO Certified, reflecting the company's dedication to quality management, operational efficiency, and continuous improvement.

# OUR VISION

To become one of the leading engineering and construction companies in Egypt, recognized for delivering high-quality projects, innovative engineering solutions, and building long-term partnerships with clients and stakeholders

## OUR MISSION

Our mission is to deliver high-quality construction and engineering services while maintaining the highest standards of:

- Professionalism
- Integrity
- Honesty
- Fairness

in all relationships with clients, suppliers, subcontractors, and business partners.

We aim to achieve sustainable growth and long-term success through:

- Commitment to project deadlines
- Attention to detail and quality standards
- Effective project management
- Delivering the highest level of service to our clients

Customer satisfaction and repeat business remain at the core of our operational philosophy.

# OUR VALUES

DAR Al Bena Engineering Solutions operates based on a set of core corporate values:.

## Quality

Commitment to delivering work according to the highest engineering and construction standards.

## Integrity

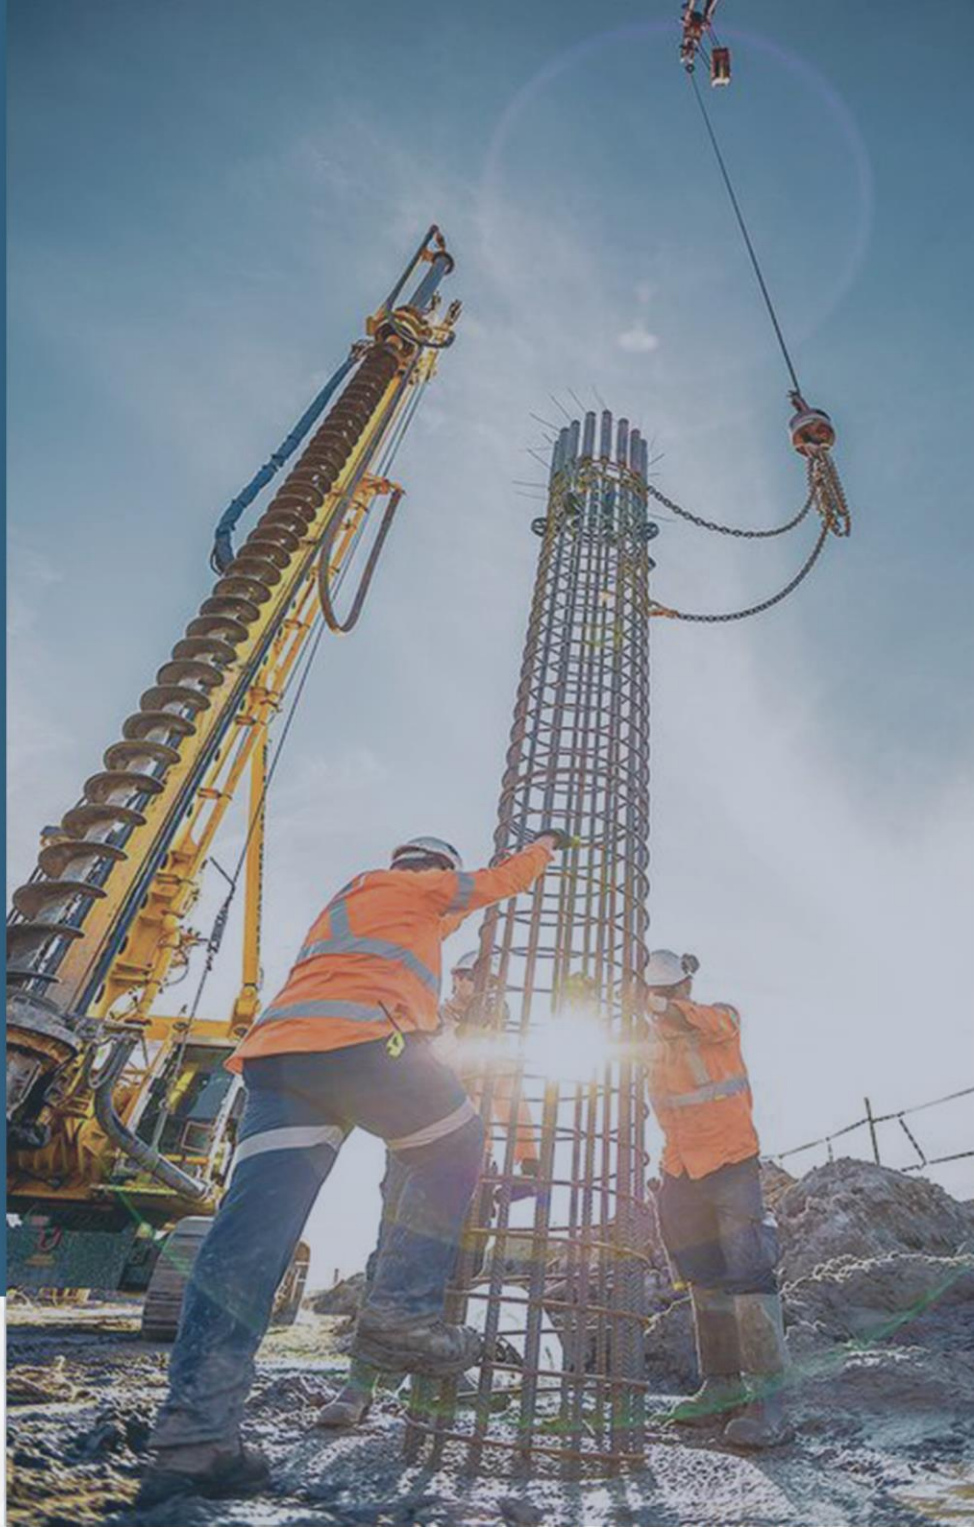

Maintaining transparency, professionalism, and ethical practices in all business activities.

## Trust

Building strong and long-term relationships with clients, partners, and stakeholders.

## Commitment

Encouraging teamwork, responsibility, and continuous improvement to achieve project excellence.

# OUR SERVICES
